

INDEX TO VOLUME 174, JANUARY — JUNE, 1946

— A —		Zinc, for wire 70		Coal pulverizing 82	
Adhesives:		Compass-sun watch 129		Gasoline, hydroformed 23	
Bindery glue 274		Coolers, acid 244		Petroleum research 113, 213	
Bonding agent for wood 52		Cork production 244		Turpentine, motor 64	
Glues, mold-proof 203				Furnaces, gas cracking unit for 279	
Pliobond, all purpose 37					
Room-temperature-setting 128					
Wood bonding, electronic 245					
Agriculture:					
Chemical leaf removal 7					
Corn earworm checked 169					
Crop protection, chemical 258					
Equipment progress 196					
Weed killer, plant hormone 274					
Air cleaning precipitator 183					
Air control valve 273					
Air de-odorant 228					
Air flow indicator 226					
Air hoist 10, 152, 196					
Alloys, high temperature 154					
Aluminum:					
Nitrogen flux 80					
Piano plate 100					
Production 52					
Scrap scarcity 62					
Amino acid production 163					
Arsenic hazards 74					
Atomic Energy:					
Applications, industrial 220					
Coal vs. atomic energy 196					
Implications of 163, 251					
New element discoveries 76					
Uranium cost 251					
Uranium rivals 251					
Automobiles:					
Aluminum bodies 251					
American-made, for overseas 267					
Automotive progress 71					
Driving visor 274					
Flying cars 73					
Fuel research for 113					
Shampoo dispenser for 136					
Aviation:					
Airdromes, floating 19					
Air transport progress 116					
Civilian planes 196, 216					
Engineering research in 216					
Engine starter 52					
Freight growth 32					
Helicopter records 166					
Helicopters for civilians 65					
Motorless flight 17					
Private planes 196, 218, 244, 252					
Radar 28, 218					
Sunway illumination 11					
Television-controlled glider 11					
Television in 204					
— B —					
Band-saw guide 86					
Bearings:					
Grease for 90					
Thermal self-aligning 132					
Beryllium applications 196, 249					
Boron carbide 8					
Brace, "A" shaped 132					
Brush holders, wire 130					
— C —					
Casting copper, centrifugal 36					
Casting dies, pre-fabricated 279					
Cellophane coating 126					
Cellulose textile finish 186					
Chemistry:					
Amino acids 62					
Arsenic hazards 163					
Crop protection, chemical 258					
Hydrogen, canned 64					
Hydrogen peroxide, industrial 121					
Ion exchange 119					
Cancer prevention 161					
Streptomycin, therapeutic agent 121					
Thiophene from petroleum 215					
Circuit tester 134					
Clamp for structural members 231					
Cleaners:					
Carpet 182					
Concrete cleaner 130					
Detergent, multi-purpose 270					
Dip stick 40					
Plastics pellets, blasting with 176					
Precipitator, dust eliminator 274					
Scouring cloth 109					
Soapless soaps 148					
Steam-cleaning unit 274					
Cloth treatment, water-resistant 115					
Coal:					
Atomic energy vs. 220					
Powdered 82					
Turbine, coal burning 148					
Coatings:					
Cellophane 126					
Enamel, white vinyl 184					
Germicidal 119					
Plywood concrete forms 233					
Resins, plasticizing 185					
Tinned-steel 271					
— D —					
DDT 5, 227, 258, 268					
Deflection pickup 232					
Deflectometer 125					
Diaphragms, synthetic rubber 257					
Die-casting machine 230					
Dies:					
Carbide metal-stamping 151					
Die inserts, sintered carbide 36					
Extrusion, boron carbide 9					
Prefabricated 279					
Door, garage, of aluminum 174					
Drafting:					
Combination square 130					
Cross-hatcher 186					
Pencil 137					
Stencils for picture drawing 174					
Drawing compound, deep 183					
Dry-ice liquefier 132					
— E —					
Education:					
Aeronautics 19					
Motion pictures in training 100					
Electronics. See also Radio:					
Aerial navigation by 204, 264					
Arc control with thyratrons 106					
Balancer 225					
Beam sorter 271					
Betatron 12
